THE SHOWS...

DESIGNER LITTLE JOE WOMAN

Former supermodel Yasmin Le Bon was the stunning opener for Gail Elliott's eclectic collection. Cowgirl fringing, laser-cut suede, gypsy-esque peasant skirts, printed maxis and billowy tops in a palette of peach, lilac and navy lent a '70s *Almost Famous* vibe, while one-shouldered dresses, lace-up tops, crochet and a touch of rock'n'roll-style leather pants and shorts gave a modern edge. And what would a spring/summer collection be without fun playsuits and splashes of leopard print?
