Terry Biviano
shoe designer

Little Joe designer Gail Elliott met Terry Biviano socially a few years ago—and they've been close ever since. Wearing each other's labels, the pair are dressed to impress.

Elliott (right): "I didn't think of anyone else for this shoot. I admire Terry. She's young and savvy—she's interested in shoes, that's her dream, and she's made it work. Fashionwise, I know what she likes...she's not lacy—she's sleek and sophisticated." Biviano (left): "We had an instant bond. She's the most supportive, generous person. Her clothes are sexy, classic—everything she is."
