## TRICKY TREND: white on white

Everyone's wardrobe needs a little injection of white this season. Steer clear of the bridal look by keeping your approach super-casual. Try creating entirely white ensembles, from shoes to a matching top and jacket, then keep with the pared-back vibe with perspex accessories.

## HOW TO: pack a carry-on bag

Firstly, make sure you choose one with a comfortable shoulder strap, just in case you need to be able to run to catch your connection. Then the essentials: a cashmere scarf for snuggling on the plane; a plush eye mask for the best possible sleep; oversized sunnies for facing daylight after landing. In our dreams, we also carry our passports in an LV case, and for the useful particulars like this inflight comfort kit, try our new travel source - flight001.com.au.
