PICK: "These Ann Demeulemeester wedges [pictured left] have it all: a wedge, buckles and black leather. Also on my wish list is this Dries Van Noten metallic green clutch [pictured left], teamed with a matching jewelled cuff - a brilliant mix of colour, texture and dazzling stones."

Gail Elliott, DESIGNER, LITTLE JOE WOMAN

PICK: "I have quite a collection of Balenciaga bags: They're beautiful, travel well and are timeless. The colour of the blue Balenciaga leather bag is just exquisite. I love those Jimmy Choo platforms and the neutral colours of the snakeskin will work back with all the girls, feminine lace pieces out this season."

PICK: "I have a weakness for Lanvin bags and love the fresh, modern chain on this one. For summer, I always invest in a new pair of sandals. These chic snake Salvatore Ferragamo stilettos will easily fit into my wardrobe."
